DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: The closest prior art of record, Raue et al. (US 4,513,142), teaches the instantly claimed dyeing agent but does not teach the decolorizing component of the multi-component dyeing kit. Therefore the claims are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Terminal Disclaimer

2. The terminal disclaimers filed on December 1, 2006 and September 8, 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patents 7,056,348, 6,669,739, 6,740,128 and 6,652,601 have been reviewed and are accepted. The terminal disclaimers have been recorded.
